

LEDES Billing

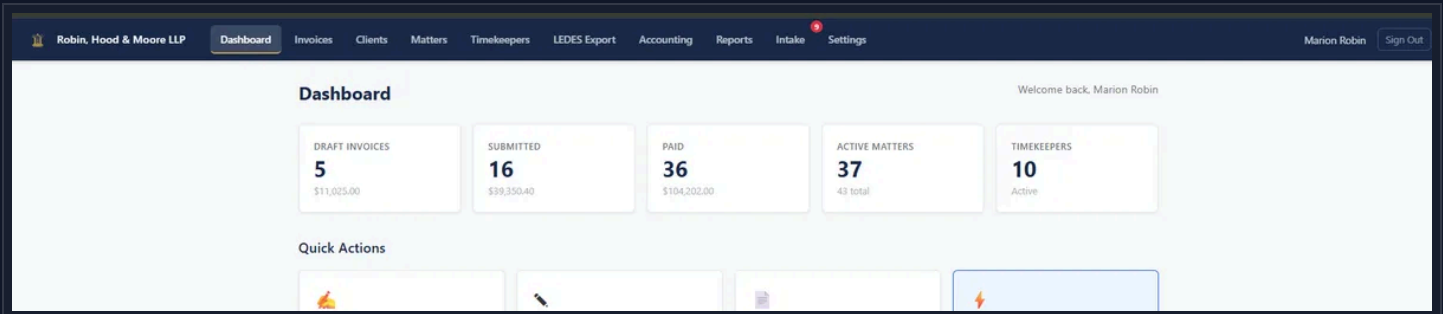

From time entry to carrier, *validated*.

Carrier-ready LEDES 1998B files with UTBMS coding, tracked through submission and payment. Every firm in its own physically separate database — and accounting generated from the billing you already do.

IN PRODUCTION

YOURFIRM.LEDESBILLING.NET

CARRIERS PRE-SEEDED: TRAVELERS · CNA · THE HARTFORD · ISMIE

A firm's dashboard — drafts through paid, active matters, timekeepers, one-click LEDES export.

LEDES 1998B export & validation

Invoices validated against UTBMS task, activity, and expense coding before they leave the building.

Multi-carrier submission tracking

Pre-seeded carrier list with per-carrier credentials and routing.

Full invoice lifecycle

Draft → review → submitted → accepted / rejected → paid, with signed adjustments.

A database per firm

Physical isolation, not row filtering — one firm can never see another's data.

Email quickload intake

Invoices and timesheets from allow-listed senders, with review-and-confirm.

Accounting built in

Chart of accounts, journal, trial balance, P&L — nothing typed twice.

INSURANCE-DEFENSE FIRMS

Built around the LEDES/UTBMS workflow you live in.

PANEL COUNSEL

Carrier e-billing requirements, already wired in.

FIRMS NEW TO E-BILLING

White-glove setup to your first carrier invoice.
